**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a long time Sonic subscriber and support their service as well as their understanding of what consumers need. I wish to remain as separated from A.T. and T. as possible. They are just another bulldozing self promotional, self interested corporation of which America is overloaded.

I live in Santa Rosa, California on the edge of the Tubbs fire of last October and threatened by the Nunn's fire, sweeping in from another direction. We need competitive internet service to help us sort out the truth from the rumor and false assumptions before, during, and after the next fire hits or our massive earthquake hit as we who are not fools know will come and for which we are preparing.

Please help keep Sonic viable and put A.T. and T. in its place. Those who want them can have them but let Sonic continue to improve and serve us well as it has done.

Sincerely,

Patricia Pomerleau
